

Bellmere Garden Club - National Garden Week Project

On June 5th, BGC members met at the home of Barbara Taylor to assemble a variety of floral baskets, potted arrangements or terrariums which were then donated to many area nursing homes, senior centers, animal shelters and libraries in North Fulton. In advance of our work day, we obtained donations from Home Depot, Whole Foods and several food stores to add to the plant material harvested from our gardens and supplies donated by members. We had a great time doing the arrangements, enjoyed a pot luck lunch, and the recipients in the community were very appreciative. Each arrangement carried a tag noting National Garden Week.

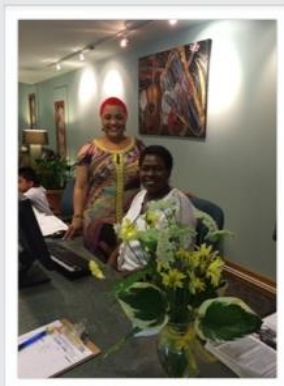

*Above: Some of the baskets that were ready for delivery.
Below: Members working, and many happy recipients.*

National Garden Week

June 1-7, 2014
Arranged for you by
Bellmere Garden Club
Johns Creek, GA

Many happy recipients appreciated our efforts commemorating National Garden Week
